COMMUNITY ENGAGEMENT
BEST-IN-CLASS

"The land that they have out there and the development they have out there with the views back into the valley is pretty unbelievable," Kaval said. "So, I think that location was really spectacular and really an iconic location potentially for a ballpark. I think that was something that was a big takeaway."

DAVE KAVAL, OAKLAND ATHLETICS TEAM PRESIDENT

"When I got transferred to Las Vegas, I was worried about traffic. But that's the great thing about the city, and especially Summerlin, where everything is close. I have a short 5-7 minute drive to City National Arena from home. Having an extra 30 minutes in the morning to sleep is a bonus." —VIA LAS VEGAS SUN

REILLEY SMITH, VEGAS GOLDEN KNIGHTS FORWARD

"Downtown Summerlin is a town center. Our cities are so spread out — Las Vegas, Phoenix, Los Angeles, so you don't really have a community. A town center. That's why I think it's great to have the restaurant here and also events like the ice rink where the Knights play and train and also for the public. It's amazing and creates a community."

WOLFGANG PUCK

"Like everybody you think of The Strip, you think of all the nightlife and everything but there's a lot more," Marchessault said. "There's actually a lot of people living here and the community where we live (Summerlin), it's unbelievable. The people are nice and respectful. I've been in a few cities in my career and this is definitely one of the classiest places."

—VIA USA TODAY

JONATHAN MARCHESSAULT, VEGAS GOLDEN KNIGHTS CENTER

"I was actually taken aback about how vibrant it (business and tech community) is here and it continues to grow. You need that, it takes a village and it's good to know that we're in great company because there are so many good companies. The other thing is just how robust the talent pool is. Hearing from the state treasurer about the amount of engineering talent that UNLV and other great institutions are producing is a really great thing."

DAVID YEOM, CO-FOUNDER AND CEO OF EVITE

"So, to be able to give my kids a better life and follow and pursue their dreams...We came here (Summerlin, NV) to just kind of give ourselves a new look, a fresh start for the kids, and there's a lot of opportunity here. I'm really excited about the future."

MARK WAHLBERG

In order to recruit employees, it's actually quite easy. Employees come here and visit and realize there's so much more than the Strip and it's a great place to live with families. We've had a lot of success bringing in more diversity with the economy and technology jobs. Once our employees get here, they love being here and being part of the community and what the Las Vegas area has to offer."

PAT RAMSEY, BOARD OF DIRECTOR ARISTOCRAT TECHNOLOGIES

"The Howard Hughes Corporation has made a destination like no other in the country. With its grand opening this month, all roads in Nevada lead to Downtown Summerlin."
